#### INTRODUCTION

The Catalog of Federal Education Assistance Programs is composed of brief descriptions of, and extensive indexes to, Federal Programs which provide educational benefits to the American public. It includes all programs administered by the U.S. Office of Education as well as programs administered by other Federal agencies in support of educational services, professional training, or library services available to the general public.

Each program is described in terms of the specific type of assistance provided, the purpose for which it is available, who can apply for it, and where to apply. The Federal offices to contact for additional information on each program are identified:

The catalog includes various programs, activities, and services which can be requested or applied for by a State or States; territorial possession; county; city; other political subdivision, grouping, or instrumentality thereof; any domestic profit or nonprofit corporation; institution, or individual, other than an agency of the Federal Government. It includes:

- Grants, loans, loan guarantees, scholarships, mortage loans, insurance, and other types of financial assistance.
- Provision of Federal property, facilities, equipment, goods or services, including the donation of surplus real and personal property.
  - Technical assistance, counseling, and professional training.

The catalog does not include:

- Benefits or assistance available only to current employees of the Federal Government, either civilian or military.
- Federal procurement or contracting which is normally conducted through solicited competitive bidding.

#### **HOW THE CATALOG IS ORGANIZED**

The catalog provides seven different indexes to help the user identify Federal programs that provide the type of assistance he or she is seeking. Each program shown on a program description page is identified by a unique number; e.g., 13.430.

Several indexing techniques are unlized. Some are based on assigned descriptors. Others apply the idea that the actual word appearing in the program description is the word a user expects to find in the index. In addition to the indexed word, some of the context surrounding the word is shown so that the user may glean some insight as to how the word is used for each given citation of a program. Program citations are given in terms of the program identification number.

The key-word indexes used for the Program Name Index and the General Index deserve a few words of explanation.

In the General Index, the indexed words or phrases are shown alphabetically in the center of each page, to the left and right of each indexed word or phrase is the context in which it appears in the program description. This combination of indexed word and context makes it easier for the user to decide which of the many references to a given word is of particular interest to him.

The following example of a key-word-in-context index illustrates its general features:

study at institutions of HIGHER education

and teachers in HOSPITALS and related institutions, in

In the Program Name Index, the key-word is set forth first, after which the programs in which it appears are listed in alphabetical sequence.

The Beneficiary Index is based upon codes assigned by the Office of Management and Budget (OMB); these are suggestive rather than comprehensive.

PROGRAM DESCRIPTIONS—This portion of the catalog contains descriptions of the Federal domestic assistance programs related to education. It is arranged in program number sequence, assigned in blocks by agency.

#### INDEXF9—

Processing Index (key-word-out-of-context) list alphabetically each processing significant and program appears in this index under each significant word in its name.

Index cities assistance programs according to the name authorizes each program.

vii

Public Law Index lists assistance programs according to the Public Law that authorizes each program.

U.S. Code Index lists assistance programs according to the U.S. Code citation of the act that authorizes each program.

Administering Agency Index lists alphabetically each administering agency by name, citing the range of assistance programs over which each has jurisdiction.

Beneficiary Index lists under special descriptors those beneficiaries eligible for assistance programs.

General Index (key-word-in-context) lists key words and phrases from selected portions of each assistance program description to provide a comprehensive general index to complement the more specific indexes.

NOTE: Appendixes or programs referred to but not included in this catalog may be found in the Catalog of Federal Domestic Assistance, from which the program information and numbers were mawn.

#### 10.553 SCHOOL BREAKFAST PROGRAM

FEDERAL AGENCY: FOOD AND NUTRITION SERVICE, DEPART-MENT OF AGRICULTURE

AUTHORIZATION: Child Nutrition Act of 1966 as amended. Public Law 89-642, 80 Stat. 886, 42 U.S.C. 1773; Public Law 90-302, 82 Stat. 119, 42 U.S.C. 1773; Public Law 91-248, 84 Stat. 214, 42 U.S.C. 1773; Public Law, 92-32, 85 Stat. 85, 42 U.S.C. 1773; Public Law 92-433, 86 Stat. 724; Public Law 94-105, 89 Stat. 511.

**OBJECTIVES:** To assist states in providing nutritious breakfasts for school children, through cash grants and food donations.

TYPES OF ASSISTANCE: Formula Grants; Sale, Exchange, or Donation of Property and Goods.

USES AND USE RESTRICTIONS: Federally appropriated school breakfast program funds are available to reimburse participating public and nonprofit private schools, of high school grade or under, for breakfasts, meeting the nutritional requirements prescibed by the Secretary of Agriculture, served to eligible children. Participating schools are reimbursed at rates not less than those shown in the Formula and Matching Requirements Section. The rates of reimbursement are adjusted on a semiannual basis to reflect changes in the series of food away from home of the Consumer Price Index. For the period January 1 - June 30, 1976, the rates of reimbursement are 10.0 cents for all breakfasts, an additional 19.0 cents for each reduced price breakfast and an additional 25.25 cents for each free breakfast. In cases of severe need, a payment of up to 40 cents and 45 cents may be made for each breakfast served to children qualifying respectively for a reduced price and a free breadfast. All participating schools must agree to supply free and reduced price meals to eligible children, and to operate the program on a nonprofit basis for all children without regard to race, color, national orgin, or the ability to pay.

#### **ELIGIBILITY REQUIREMENTS:**

Applicant Eligibility: Public or private schools which are exempt from income tax under the Internal Revenue Code, as amended. Schools desiring to participate must agree to operate a nonprofit breakfast program which is available to all children regardless of race, color, creed or national origin.

Beneficiary Eligibility: All children attending schools in which the breakfast program is operating may participate. Breakfast is served free or at a reduced price to children who are determined by local school authorities to be unable to pay the full price. Children who are able to pay the full price are expected to do so.

#### **ASSISTANCE CONSIDERATIONS:**

Formula and Matching Requirements: Federal funds are made available for breakfast assistance in accordance with Section 4 of the Child Nutrition Act on a performance basis by (1) multiplying the number of all breakfasts served during the fiscal year by a national average payment, (2) multiplying the number of breakfasts served free to eligible children by a national average payment for free breakfasts and (3) multiplying the number of reduced price breakfasts served to eligible children by a national average reduced price breakfast payment.
